

WÜRTH Industrie Service

WIS VIRTUAL EXPERIENCES

Interactive experience of system and product solutions

PLEASE VISIT US. WHENEVER YOU LIKE.

As Würth Industrie Service we also encourage digital transformation and have created innovative options for interactive networking in recent years. We present to you our integrated system solutions for direct and indirect material as well as our product range and our services centred around efficient C-Parts management irrespective of time and location.

WIS Virtual Experiences – A part of Bad Mergentheim close by

Interact together with your personal point of contact and experience our Kanban systems, storage spaces, vending machine systems and workplace solutions.

Or make an individual appointment with us in a separate meeting room. Because regardless of whether there are meetings, trainings, conferences or presentations, the virtual rooms can be used for all types of interactions.

See you. Whenever you want.

We will be pleased to provide you the relevant software and a personal login and we will virtually guide you during your initial steps.
